## Kiss Your Coal Stove Goodbye!

The gas stove has the  
coal stove beaten a mil-  
lion ways.

No wood to chop, no coal to car-  
ry, no ashes to take up, carry  
out, and sift, leaving a trail of  
dirt and dust from the stove, all  
the way out to the ash pit.

No fire to coax and cod-  
dle. No excess heat. No  
waste.

Gas is a guarantee of the right  
kind of a fire instantly for any  
purpose whatever; and it's more  
economical, too.

## WILL DEMONSTRATE FRUIT CULTURE HERE IN THIS COUNTY

Will Choose Two Farmers and Let  
Them Conduct Fruit Experi-  
ments on One Acre Each.

Anderson county apples have al-  
ways been better than any other  
apples in the world; Anderson county  
peaches are invariably more luscious  
than any other peach in the entire  
country and Anderson county grapes—  
well they do say that the grapes raised  
here make better wine than any  
other vineyards can produce. How-  
ever that may be, Anderson is soon  
to see what real fruit culture is, pro-  
vided the plans now being made by  
Clemson college are carried out.

Information was received in Ander-  
son yesterday, through J. W. Roth-  
rock, county demonstration agent, to  
the effect that two Anderson county  
planters will be allowed to set aside  
one acre each for fruit cultivation.  
This one acre will be planted to ap-  
ples, peaches and grapes, or to any  
one of the three fruits if the farmer  
so desires. Clemson college will then  
take charge of the proposition and in-  
struct the planter, free of charge, in  
the art of raising the finest fruit in  
the world. The work will be carried  
on under the direction of J. W. Roth-  
rock and Prof. C. F. Niven of Clem-  
son college. Prof. Niven will make  
frequent trips to Anderson to inspect  
the work and see how the farmers  
are getting along with the undertak-  
ing.

This information was forwarded to  
Anderson by Prof. W. W. Long and it  
is understood that the same propo-  
sition will be made to every county in  
the State.

It is hardly probable that there  
will be any difficulty in securing two  
farmers in Anderson to attempt fruit  
culture along scientific lines.

## League

To Preserve And Promote Law  
and Order in Community Has  
Not Yet Been Formed.

A splendid meeting of those inter-  
ested in the formation of a law and  
order league for Anderson was held  
last night in St. John's Methodist  
church. While no formal organization  
took place, yet committees were ap-  
pointed with a view to effecting the  
organization provided Anderson peo-  
ple express themselves as desiring  
such a move and provided they realize  
the need of it.

When the meeting convened last  
night J. L. Sherard was elected chair-  
man and G. H. Geiger was elected sec-  
retary. With this part of the even-  
ing's business disposed of, the ques-  
tion of forming the league was dis-  
cussed by a majority of the delegates  
present. Practically every Bible class  
in the city had some representative at  
the meeting and a wholesome discus-  
sion as to Anderson's morals was  
heard.

Finally a resolution was introduced  
in accordance with the statement  
above and the committees were ap-  
pointed, several men from each  
church. Each of these committees  
will canvass the membership of its  
own church and ascertain whether or  
not such an organization is necessary  
here. If it is decided that the orga-  
nization is necessary, a call will be is-  
sued for a mass meeting.

## BOX PARTY

There will be a box party at Ridge-  
way school house, Friday night, Nov.  
20, beginning at 8 o'clock. The pro-  
ceeds will be used for furnishing the  
new school. The public is cordially  
invited. Convenient hitching posts  
will be found at the rear of the building.

## Denies Report.

(By Associated Press.)  
WASHINGTON, Nov. 16.—Ambassa-  
dor Page at London cabled a denial of  
reports that German military authori-  
ties were stopping food shipments to  
Belgium. The ambassador said there  
had been no interference but that the  
German military authorities were as-  
sisting.

## GIRLS! HAVE BEAUTIFUL, LUSTROUS, FLUFFY HAIR—25 CENTS DANDERINE

No more dandruff or falling hair  
—A real surprise awaits  
you.

To be possessed of a head of heavy,  
beautiful hair; soft, lustrous, fluffy,  
wavy and free from dandruff is mere-  
ly a matter of using a little Danderine.  
It is easy and inexpensive to have  
nice, soft hair and lots of it. Just  
get a 25 cent bottle of Knowlton's  
Danderine now—all drug stores recom-  
mend it—apply a little as directed  
and within ten minutes there will be  
an appearance of abundance; fresh-  
ness, fluffiness and an incomparable  
gloss and lustre and try as you will  
you cannot find a trace of dandruff

## SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an old-  
time Recipe that Anybody  
Can Apply.

The use of Sage and Sulphur for re-  
storing faded, gray hair to its natural  
color dates back to grandmother's  
time. She used it to keep her hair  
beautifully dark, glossy and abun-  
dant. Whenever her hair fell out or  
took on that dull, faded or streaked  
appearance, this simple mixture was  
applied with wonderful effect.

But brewing at home is messy and  
out-of-date. Nowadays by asking at  
any drug store for a 50 cent bottle of  
"Wyeth's Sage and Sulphur Com-  
pound," you will get this famous old  
recipe which can be depended upon to  
restore natural color and beauty to the  
hair and is splendid for dandruff, dry,  
feverish, itchy scalp and falling hair.  
A well-known downtown druggist  
says it darkens the hair so naturally  
and evenly that nobody can tell it has  
been applied. You simply dampen a  
sponge or soft brush with it and draw  
this through your hair, taking one  
strand at a time. By morning the  
gray hair disappears, and after another  
application or two, it becomes  
beautifully dark, glossy, soft and abun-  
dant.

## GRAIN PARTY IS EN ROUTE TO ANDERSON

TO ENCOURAGE PLANTING  
IN THE STATE

BE HERE THURSDAY

Commissioner Watson and Asso-  
ciate Workers Will Visit Points  
All Over Anderson County.

A telegram was received in An-  
derson last night at 11:30 o'clock  
from Col. William Banks of the  
South Carolina Department of  
Agriculture, saying that the Grain  
Party would visit this city Thurs-  
day afternoon at 4 o'clock. Farm-  
ers from all parts of the county  
will arrange to take part in this  
meeting and hear the grain ex-  
perts present their arguments.

Numbers of Anderson county plant-  
ers have long ago figured out for  
themselves why it will be profitable  
for them to plant more grain this  
season than they ever did before, but  
if there is any farmer in the county  
in ignorance of the numerous splendid  
reasons going to make up this con-  
clusion, they will have a chance with-  
in the next few days to learn better.

In view of the evident need for in-  
formation throughout the State in re-  
gard to the planting of grain, the  
State department of agriculture and  
the farm demonstration department  
of Clemson college, under the direc-  
tion of W. W. Long, have been called  
upon to undertake a campaign for  
the purpose of educating the people.  
This decision came as a result of nu-  
merous appeals from over the State  
after the legislature had decided to  
reduce the acreage of cotton and in-  
ferred no substitute.

Commissioner E. J. Watson last  
night announced the tentative plans  
for the whirlwind campaign. In the  
first week 14 counties will be visited  
and every person who is interested  
in getting the best results out of the  
planting of grain will be given an  
opportunity to hear men of experi-  
ence. At the special request of Com-  
missioner Watson, the secretary of  
agriculture at Washington, D. F.  
Houston, has detailed A. G. Smith to  
address the people on the subject of  
grain as a substitute for cotton. Mr.  
Stratton, the engineer of the Burrill  
Construction company, of Chicago,  
who is in this State to promote the  
building of grain elevators or ware-  
houses, has by request of Commis-  
sioner Watson been detailed to ac-  
company the party and has been fur-  
nished by his company with blue  
prints, estimates and sketches of ele-  
vators, showing the practicability of  
building them in this State. State  
Agent Long and Commissioner Wat-  
son will be the two other members.

To Sumter First.  
In view of the extraordinary  
amount of interest manifested in this  
proposition by the people of Sum-  
ter county, Commissioner Watson has  
acquiesced in their request and will  
start the campaign in that county, be-  
ginning Tuesday. The party will leave  
Columbia by automobile early Tues-  
day morning and will go by Camden,  
following from there the main public  
highway and the Northwestern Rail-  
way to South Carolina. The first stop  
will be at Hagood or at Pembert.  
10:30 a. m. The place for the meet-  
ing is to be arranged by E. I. Reardon  
of Sumter, who will make the an-  
nouncements from Sumter. From this  
first meeting the party will go direct-  
ly to Sumter, accompanied by a party  
of Sumter business men. It is ex-  
pected that there will be a big meet-  
ing at Sumter at 12:30 p. m. The  
party will travel thence to Mayesville,  
where there will be a meeting about  
2:30 o'clock, thence to St. Charles or  
Wysack in Lee county for a brief  
meeting and on to Bishopville for a  
stay, and from there to Columbia for  
the night.

E. I. Reardon, secretary of the  
Sumter Chamber of Commerce, is at  
work now issuing placards and other  
ways of distributing information and  
is working up a party to meet the  
speakers at Hagood.

Wednesday morning the party will  
start out from Columbia and will go  
to the Dutch Fork section of Richland  
and Lexington counties, the intention  
being to cover such points between  
Columbia and Newberry as will notify  
Col. Watson by Monday night. The  
towns along the route are White  
Rock, Capin, Little Mountain and  
Prosperity. No formal request for  
a meeting has been received from  
Newberry, but if the commissioners  
hear by Monday he will arrange to  
stop in Newberry. Thence the party  
will go to Whitmire and from there  
to Union, where a big meeting has  
been arranged for Wednesday after-  
noon. From Union the party will go  
via Cross Keys to Laurens, where  
the bankers and others have mani-  
fested a live interest in the meeting  
there Thursday morning.

In the Piedmont.  
From Laurens the party will go  
either by Gray Court or Princeton, or  
both may be visited, to Honea Path,  
Belton and Anderson. Meetings at  
each of these places will be contin-  
gent upon the commissioner's of-  
fice hearing from the business men  
of the towns in the next day or two.  
From Anderson the party will go to  
Townville, where a meeting will be  
held, as per invitation, and from  
Townville to Westminster, Seneca,  
Easley and Greenville.  
From Greenville the party will take  
the National highway to Spartanburg,  
and if any places between those two

cities wish meetings they should no-  
tify Commissioner Watson at once.  
From Spartanburg the speakers will  
go to Bolling Springs and thence back  
to Spartanburg and over the National  
highway to Gaffney. From there they  
go to Yorkville and Commissioner  
Watson announces a stop at Claver if  
the people there will signify that they  
wish it. From Yorkville to Rock  
Hill and from Rock Hill to Chester  
and from Chester to Winnsboro and  
thence back to Columbia, completing  
in the first week a trip through 14  
counties. Commissioner Watson said  
Saturday that he does not relish this  
work at all, but he consents to it to  
be a duty to the people and the party  
will suffer the hard trip with pleasure  
if the people will turn out for the  
meetings and receive real instruction  
from the specialists in the party. He  
especially invites the ladies to attend  
the meetings. The schedule as laid  
down in the skeleton outline of the  
trip and Col. Watson will be pleased  
to hear from any persons in any of  
the towns through which the party  
will pass, and he insists that they  
notify him by Monday of their plan, as  
he will be on the go almost constantly  
after that and may not have time  
properly to revise the arrangements.

After the first week the party will  
make a trip through Lexington,  
Batesburg, Saluda, Greenwood, Abbe-  
ville and Edgefield and Aiken coun-  
ties and from Aiken will probably  
come back to Columbia.

## CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated  
Bowels to-night and  
feel fine.

Get a 10-cent box now.  
Are you keeping your liver, stom-  
ach and bowels clean, pure and fresh  
with Cascarets—or merely forcing a  
passageway every few days with salts,  
cathartic pills or castor oil? This is  
important.  
Cascarets immediately cleanse the  
stomach, remove the sour, undigested  
and fermenting food and foul gases;  
take the excess bile from the liver and  
carry out of the system the constipated  
waste matter and poison in the  
bowels.  
No odds how sick, headachy, bilious  
and constipated you feel, a Cascaret  
tonight will straighten you out by  
morning. They work while you sleep.  
A 10-cent box from your druggist will  
keep your head clear, stomach sweet  
and your liver and bowels regular  
for months. Don't forget the children  
—their little insides need a gentle  
cleansing, too.
